A. Record High New Sponsorships

In January 2012, new S1 sponsorships totaled eleven. About a half (n=5) are from Harlaw Academy, Aberdeen, Scotland. Wonderful...!

B. Fair, Open & Transparent Selection

Rwanda is rebuilding itself after the 1994 bloodbath. The daunting task of selecting the poor from poor, if not open and transparent, can easily, wrongly but dangerously, be perceived as favoring some and not others.

Our selection process is available [HERE](#).

Hands Around the World, HATW, Jersey team, sponsors 4 pupils from Muko School (Moses, Joel, Rehema & Asifiwe) and 2 teachers for university. In 2012, they kindly added 2 further pupils (Esther and Zubeda – not shown).

Over three quarters of each of 5 village primary school pupils go to Muko after P6. These are the children who don't achieve the much coveted boarding school grades.

At S3 level, pupils have a second chance to join boarding schools, and Moses has done just that.

RSVP is very pleased with the growing partnership between HATW and Muko School.
